

Muralys

Prestige

From dream to reality

Standards in force

The technology Muralys meets into force the most demanding standards in the sector of the building:

- > Adhesion according ISO 2409
- > Gloss according ISO 2813
- > Indentation according ASTM D 2794
- > Resistance to strong humide ambient containing EN ISO3231
- > Guarantee anti-graffiti : solution homologated RATP (french railway)

Muralys Créativ

True technological revolution and aesthetics in the world of architecture, the process of impression on Muralys opens the doors of your creativity.

Resulting from a technology particularly innovating: the Molecular Digital Transfer, the Muralys process allows to reproduce any image chosen by the architect or the owner on a product ArcelorMittal Construction. All the ideas are possible, even most extravagant because the resolution of impression is stunning.

To create a single universe
